## GOVERNORS CAUTION U. S. IN PEACE MOVE

Conference Declares America Must Act,  
However, to End War.

The United States was cautioned to move circumspectly in assuming the role of peacemaker, without the invitation of belligerent nations, by governors in conference at the Willard yesterday. It was agreed that this country should not fail to accept any opportunity presented to further the establishment of permanent world peace.

Governor Capper, of Kansas, declared that America must take the lead in the movement for peace, saying: "We are not meddling in the affairs of others when we say that the war must cease."

Greater power for State executives was urged at the afternoon session. While no resolution was formally adopted, no objection was raised to the conference going on record in favor of greater power of appointment and greater ease in removing State officers.

Salt Lake City was selected as the next meeting place. Governor Manning, of South Carolina, was elected to the executive committee, succeeding Governor Stuart, of Virginia.

Secretary of War Baker will discuss the status of the National Guard at the closing session of the governors this morning. This afternoon the governors will be guests of the Secretary of the Navy on a trip to Mount Vernon.

## SNOWFALL IMPERILS HORSES.

Because of snow the Humane Society is taking extra precautions to safeguard work horses. A sharp watch is maintained for animals not properly blanketed and shod and which are overburdened. The society has suggested that horses be compelled to haul only one-half the usual load because of the slippery streets.

## WEATHER CONDITIONS

District of Columbia, Maryland, and Virginia—Fair, colder Saturday. Sunday fair, not quite so cold; moderate to fresh northwest winds, becoming variable Sunday.

West Virginia—Fair Saturday, except snow in the mountains; continued cold, Sunday fair, warmer. The disturbance that moved rapidly northward by way of the Carolina coast and is central tonight is a severe storm over the island of Nantucket. It was attended by gales along the Atlantic coast, accompanied by quite heavy snows from Virginia northward and by rains in the South Atlantic and East Gulf States.

There will be snow Saturday in Northern New England and Sunday night or Sunday in the Upper Lake region. Otherwise the weather will be generally fair Saturday and Sunday east of the Mississippi River.

It will be colder Saturday in the New England and Middle Atlantic States and continued cold in the South Atlantic States.

## SANTA DELAYS CAPITOL WORK.

Santa Claus stepped in and postponed hearings yesterday on the Stephens price-fixing bill before the House Interstate and Foreign Commerce Committee. The bill would authorize manufacturers to fix resale prices, and it is opposed principally by department store managers and retail dealers.

They wanted to appear in opposition, but sent word they were too busy taking care of holiday shoppers to come to Washington now. The committee postponed the hearings until January 5 and 6.

## RULES AGAINST MAIL TUBES.

By a vote of nine to five the House Committee on Postoffices yesterday authorized the Postoffice Department to discontinue pneumatic postal tube service in Boston, Chicago, Philadelphia and St. Louis, in accordance with the recommendations of Postmaster General Burleson in his annual report.

Discontinuance of the service in New York upon six months' notice also is recommended.
